

SUCCESS SECRETS:

THE UNDERGROUND PLAYBOOK FOR GETTING HIGH SCORE IN YOUR POST UTME EXAM...

WHAT THIS POST UTME GUIDE IS ABOUT (AND WHAT IT'S NOT ABOUT)

Hey, my name is Oladejo Michael...

Before we get started, I want to introduce myself and let you know what this book is about (and more importantly, what it's not about).

This guide is not about getting you admission into the Better by Far Uni (UNILORIN)- yet in this guide I'm going to share with you all you need to know about having more chances of gaining admission into UNILORIN.

If the only thing you have in your mind right now is gaining admission and becoming a student of UNILORIN then this guide is for you but if not you can kindly stop reading this guide because this information should not be wasted. I have found that it is common for students to desire to gain admission they are not willing to do whatever it takes to make that happen.

Recently, I had a conversation with some students and one of them ask me and said What's that thing that helps parents know that their children is doing all their best to gain admission but whenever the student has a poor result they blame the student as if he/she doesn't wish more than anything to have better result and to gain admission?

I smiled and looked at him and asked him: How would you feel if you had a child and gave the child a sweet in exchange to clean the dishes, the child took the sweet , ate it and cleaned half of the dish and left the rest

He replied I will feel it wasn't a fair deal because the child is supposed to clean all the dishes but he refused and that's disappointing

I smiled and said to me; You have said it all, that's how it feels when a child passes his SSCE and JAMB but have a poor result in his/her **POST UTME** and later on didn't get admitted into the university

THIS BRINGS US TO THE REAL REASON BEHIND THIS GUIDE

I have seen lots of cases of students who passed their SSCE and JAMB excellently and failed UNILORIN's POST UTME EXAMS and it's usually due to the fact that they are not well equipped with the right information but this guide will solve that problem for you.

With this guide comes the power to stand out from the crowd.... Do yourself a favour, keep this guide and let's just pretend it's a secret between us because what I will share will increase your knowledge and show you how you can have high score in your POST UTME easily.

WHY YOU NEED THIS GUIDE?

Except you are that person that doesn't want to wear a matriculation gown, doesn't want to make his/her parent proud, wants to be left alone and watch his friends gain admission, or wants to wait another year at home, the list goes on and on then drop this guide and try any other method..... I'm convinced that for you to have read this far, you actually want the opposite of what I stated.. You want to wear a matriculation gown, you want to make your parent proud, you don't want to be left alone and watch your friends gain admission and you don't want to wait at home for another year.... Then we are both friends and we have a lot in common.

WHO IS THIS GUIDE FOR?

This Guide is for categories of people

- 1. IF you passed your SSCE and JAMB excellently and met the cut-off mark (If you're not sure what the cut-off mark is, you can kindly reach out after you are done reading this GUIDE)**
- 2. IF you passed your SSCE but didn't meet the JAMB cut-off mark**
- 3. IF you've lost hope totally and feel there's no way you're gaining admission this year**
- 4. IF you want to get your dream course**
- 5. IF you are determined to gain admission this year**

NOW IT'S TIME TO PAY ATTENTION!!!

It started one evening, this was the night before my big day. I had done a lot of reading and my eyes were what you would call worn out (have you ever felt like you've read everything in the entire world and so confident that you can answer any question including the day they gave birth to your great grand father.... Hahaha that's how confident I was)

I lied on my bed waiting to fall asleep as I thought within myself how I was going to get 380 in my jamb that I was going to write tomorrow's morning.. I slept and woke up early, so early... did I said I slept? That was an exaggeration... I couldn't sleep and couldn't take my mind off the smile I will see on my mom's face when I announce to her that I had 380 in my jamb at least for the first time she will know that what am useful for is not only pressing my phone, I wanted to prove a point and I can't wait to tell my friends how I got 380 because I was much more smarter than they are. (PS: I'm not a proud type but you know na... dem must know say I be smart guy)

I did my exam and the result came out hoping to see my 380 and start bragging about it.. what I saw amazed me...

Well I will continue my story but first let me tell you some of what you need to know about UNILORIN POST UTME

All You Need To Know About UNILORIN Post-UTME

- 1) To qualify for the UNILORIN post UTME exam, you must have sat for any of the O' Level exams either with your released result or your awaiting result and already meet up with the school's minimum cut-off mark for your course in JAMB.

(I suppose that for you to request this post utme guide then you must've already passed your o'level exams and you now know your jamb score... did you aim for 380 like I did? If you did then we have a lot in common but if you aimed for 400 then I don't know what to say.... Hahaha)

- 2) UNILORIN post UTME exam is a Computer Based Test (CBT).

3) There are going to be 50 questions and the test will last for 25 – 30minutes. (Did you just think to yourself.... That's too small na? well don't worry I got you covered I will show you something soon)

4) The questions will mostly be categorized into 3 parts which are: English Language, Mathematics and Current Affairs.

5) Generally, UNILORIN doesn't have a specific proportion with which the subjects and accompanying questions are given to candidates which means a candidate may have the afore-listed subjects in the ratio of 25:15:10 (i.e English Lang.= 25, Mathematics=15, Current Affairs=10) while another candidate will have his/her combination in the ratio of 15:10:25 and so on. This means the proportion varies from candidate to candidate. However, one thing is certain; you will be provided with 50 questions in total.

6) The date for the commencement of the sale of the post UTME forms would be posted in the dailies, the school website and of course here.

7) The form will be purchased online on the school's website using either the Verve or Master Card payment platforms. PLEASE NOTE THAT FORMS WILL NOT BE SOLD OUTSIDE OF THE SCHOOL WEBSITE. (DON'T LET ANYONE SCAM YOU)

8) UNILORIN does not test how much you know about the department or faculty you are coming in for. That has been taken care of in your O' levels and in your JAMB.

9) The UNILORIN post UTME cut off mark is generally 50% except for the highly competitive courses which are between 60% to 70%. So if you score anything less than 50% in the post UTME exam, your chances of getting admitted maybe slim.

(This is the reason I wrote this guide specially for you, the problem is if you don't pass excellently in your **POST UTME EXAM YOUR CHANCES OF GETTING ADMISSION IS VERY SLIM** but don't worry by the end of this guide you will be equipped with all you need)

10) All that is required of you on the day of the exam is your printout and a pen to sign the attendance.

11) Your result will be sent to you via text message so be sure of the phone number you will provide during registration. Results will also be available on the school website.

You don't want to see your result and look like this:

But you want to get your result and be like this:

After that if you're like me, you will be like: 'MOM I HAD 95% IN MY POST UTME'

Lets go to the next point:

12) A text message will be sent to you if you have been offered admission or by checking the school website.

(You don't even want to have an idea of how I will feel If I see this text... Can you imagine how you will feel if you see this kind of text?)

13) UNILORIN remedial students will also have to sit for the post UTME because it increases their chances of being offered their desired courses although what actually qualifies them for admission is meeting up with the minimum 50% pass in their courses but this does not guarantee that they would be offered their desired courses.

Now that's some quality information I have given you there.....

Permit me to finish my story now:

When I saw my score I became sad because unlike the 380 I wished for, I had 234. It was still okay that's what many people told me... be thankful at least you scored above 200. I accepted fate and pressed on further. I know you may have experienced the same thing.. You wanted to score a very high score and you ended scoring a low score. Remember how that made you feel? Well its time to grow past that and look towards the future to avoid such a thing from happening in your post utme. we have all been there and I know you may want to ask the question.... **WHAT DO YOU DO NEXT AFTER NOT GETTING THE HIGH SCORE AIMED FOR?** If that's your question then the only thing you need is a **STRONG POST UTME SCORE.**

You may want to ask, why is a strong post utme score important?

Well that's simple question because without a strong post utme score then your chances of gaining admission is very **SLIM**, if not impossible to gain admission. **A HIGH POST UTME SCORE IS YOUR ONLY CHANCE OF GAINING ADMISSION**

I was in your shoe I didn't have anyone to guide me like this post utme guide is now guiding you, I didn't have anyone to give me quality information like you are getting right now

It was time for my post utme, I and my friend Femi went to Ilorin although we were not assigned to the same date but we just love going to places together he was the first to do his exam, he did his exam and patiently waited for his result we went and check it FEMI had 85% I felt jealous and wondered how he got so smarter than I am, so I said to myself for Femi to have 85% then definitely I can do better than that... I did mine and I checked my result I had 53% just barely above cut-off mark... I wondered to myself what is going on this year?

I remembered Femi had 218 in his jamb so what could have happened?

Luckily for me, I became humble and decided to ask Femi how he scored 80% in his post utme score and he shared the most marvellous thing I have wished I knew before I did my post utme exam and am going to share with you step by step what he did to get that high score and how you can get 80% or even above that;

I have shown lots of people this step and they have seen that it works, it's not really that hard

BUT FIRST,

I NEED YOU TO MAKE A COMMITMENT THAT YOU WILL MAKE GOOD USE OF THIS INFORMATION!!!!

LET'S DIVE STRAIGHT INTO IT:

YOUR ADMISSION INTO UNILORIN IS DEPENDENT ON HOW WELL YOU DO, NOT ONLY IN YOUR SSCE AND JAMB, BUT MOST IMPORTANTLY IN YOUR POST UTME AND THE KEY TO GETTING HIGH SCORE IN YOUR POST UTME IS TO FOLLOW THE PROCEDURES IN THIS GUIDE

Let that sink for a minute: Do you now believe that? Good... lets continue

By the way I didn't gain admission that year into UNILORIN but had to wait another year and I followed every principle in this guide and it worked perfectly for me.... Yours can't be different!

You don't want to waste a year like I did right?

Then take this guide seriously.

UNILORIN POST UTME

HOW DOES UNILORIN POST UTME LOOKS LIKE?

If you have been wondering how unilorin post utme look like then this is how it is

You need to know so you can know how to plan ahead, don't worry I got you covered.

In short let me put it plain... I know you really want to know what is likely to come out in your post utme exam....

Unilorin post utme is a computer based test set aside by the University of Ilorin to test students who are aiming to gain admission into the University of Ilorin.

As it always being, the school sets 3 subjects, English , mathematics and general paper to try the students; whilst only those who score 50% and above stand a chance for admission.

How many subjects does unilorin set in post utme?

3. Mathematics, English and General Knowledge or otherwise known as Current Affairs.

How many questions does unilorin set in post utme?

50

What time is allotted to answer Unilorin Post Utme questions?

25-30mins

Is Unilorin post utme difficult?

NO, if you know the post utme syllabus

THIS BRINGS US TO REAL ISSUE:

UNILORIN POST UTME SYLLABUS

Syllabus for all subjects

Here are the the topics and section to place your preparation on for post utme.

Occupy yourself with materials and start reading on these areas to enable you score high.

Objective of this syllabus: This syllabus is aimed at getting you entirely focused on the areas that you should revolve your reading around.

You are strongly advised to use this syllabus to prepare yourself, there is every assurance that will score high in Unilorin post utme if you treat all the topics in this syllabus.

At end of this syllabus we shall present to you some Textbooks endorsed to support the syllabus.

1. Use of English

Take note that the University of ilorin in her use of English language section always present GNS questions, in the series of GNS 111, GNS 101 and other varies of GNS questions. (no one will tell you this, but I just did.... Just continue reading)

However, the school also mixes the questions with some every day topic that you will meet in English and below all primary topics.

The Use of English syllabus consists of three sections:

SECTION A: Lexis and Structure

SECTION B: Oral Forms

SECTION C: GNS

Lexis and structure:

(a) synonyms : Study words and their synonymous meanings. You will come across questions that might not directly ask you for the nearest in meaning.

Even though they don't ask for the synonymous meaning, most questions will still be put in an indirect way that might still have to do with synonyms.

(b) antonyms : Study antonyms also, words and their opposite meaning.

(c) homonyms

(d) clause and sentence structures : The University of Ilorin will surely test your understanding of clauses and sentence structures.

They are a lot of questions under this section in past questions so ensure you study clauses and sentence structures. E.g, a question might be put and you would be asked to choose the clause used in an underlined part.

A question might also be put and you would be asked to choose which sentence structure was used.

(e) word classes and their functions:

(f) mood, tense, aspect, number: The most imperative part here is tenses, you would be tested on Tenses, so you must study all the tenses in English language.

(g) Agreement/concord degree (positive, comparative and superlative)

Again you need to make sure you study, Concorde. Concord's questions are usually common in the University of Ilorin post utme test.

(h) Question tags : You would likewise be presented with question Tags question.

(I) punctuation and spelling : You will also get spelling questions in the University of Ilorin Post Utme Test.

(J) ordinary usage, figurative usage and idiomatic usage would be tested.

Idioms to be tested by the University of Ilorin shall be those that are formal and expressed in standard British English.

Candidates should be able to:

i. identify words and expressions in their ordinary, figurative and idiomatic contexts;

- ii. determine similar and opposite meaning of words;**
- iii. differentiate between correct and incorrect punctuation and spelling;**
- iv. identify various grammatical patterns in use;**
- v. interpret information conveyed in sentences.**

Oral Forms.

(a) Vowels (monothongs and diphthongs) : Study vowels you will also get question asking you to choose the correct option which represents the underlined vowel.

(b) Consonants (including clusters): Also study consonants because the school will test you on consonants, where you will ask to chose am option that contains the sound of the underlined consonant.

(C) Word stress (monosyllabic and polysyllabic)

You will get questions which are stress and syllables under the Oral English section.

(e) Intonation (words emphatic stress)

Emphatic stress involves the placement of normal stress on words in an utterance for the purpose of emphasis.

Candidates should be able to:

- i. make distinctions between vowel types;**
- ii. differentiate between consonant types;**
- iii. identify correct accentuation in individual words and connected speech.**

GNS

The school sets questions too from GNS, it could be from GNS 111 or any other areas of GNS.

Ordinarily GNS is a 100 level course, but some of the experts who sets the school post utme includes GNS questions.

The questions are usually twisted questions that may confuse your understanding.

Logical Reasoning: You need to be able to answer logical reasoning questions.

This is a topic you would not find in ordinary O'level Use of English Textbook.

In this case, we urge you study more of past questions where you will be faced with questions under logical reasoning.

2. Mathematics

Among the questions you will get in the exam, you will also see mathematics questions.

Well, the mathematical questions presented are not that complicated.

There are more of quantitative questions and basic mathematics.

Study Quantitative Reasoning questions: You need to get acquainted to Logical reasoning questions under mathematics.

It deals with you using brain to answer most twisted mathematical questions.

Study Basic mathematics:

You need to have a primary background of mathematics and not the complicated or advanced part of the mathematics.

3. General Paper (current affairs)

This is the last section in the University of Ilorin Post Utme.

The school will give you series of questions under current affairs. It's wise for you to study **past questions** in this case but ensure you also study **questions about the University of Ilorin**.

Books to read for the University of Ilorin post Utme.

Bamgbose, A. (2002) English Lexis and Structure for Senior Secondary Schools and colleges (Revised Edition, on), Ibadan: Heinemann

Banjo, A. et al (2004) New Oxford Secondary English Course Book Six for Senior Secondary Schools, Ibadan: UP Plc.

Caesar, O. J. (2003) Essential Oral English for Schools and Colleges, Lagos: Tonad Publishers Limited

The materials above will help you in the Use of English Section.

2. Current Affair: Get current with news and any important histories and special dates such as independent dates and so on especially know about UNILORIN you can do that by searching online...

3. Past Questions: The last and most important material to prepare for UNILORIN POST UTME is past questions.

There you will find what to study even in the mathematics section.

The same way JAMB has a syllabus so also UNILORIN POST UTME has a syllabus.

It's very imperative for you to read based on the syllabus and study past questions.

Part of what Femi told me that helped him was reading based on the syllabus and practising past questions.

NOW SINCE YOU KNOW THAT GETTING A HIGH MARK IN POST UTME IS DEPENDENT ON READING BASED ON THE SYLLABUS AND PRACTICING PAST QUESTIONS, LET ME INTRODUCE YOU TO 'POST UTME PACKAGE' THAT I'VE PREPARED FOR ASPIRANTS JUST LIKE YOU

Although you know the best time to get the POST UTME PACKAGE is NOW! NOT Tomorrow!

Well you might be wondering why it's a must for you to get it right NOW?

I didn't do too well in my first post utme exam like I already shared with you in the story and that cost me a year. You don't want to end up like me, you don't want to harm yourself, would you? You don't want to look back at year 2021 and find out that the reason you didn't gain admission was because you intentionally hurt yourself by not taking this action right now.

I promised I am going to share with you important information and yes I just did trust me if you make use of this then there's nothing stopping you from having your high score.

THE SECRET IS READ BASED ON SYLLABUS, DON'T READ BLINDLY AND MOST IMPORTANTLY PRACTISE WITH THE PAST QUESTION NOW...!

THE POST UTME PACKAGE WILL HELP YOU A LOT!!! YOU NEED IT NOW!

TO OWN A COPY, JUST LEAVE A MESSAGE SAYING YOU NEED IT.

PROVE THAT YOU DESERVE WHAT'S BEST!

NOTE: **IT'S NOT FREE**

You might be wondering if its very expensive?

No, it's not

Or maybe you don't believe the post utme package will help?

Well, how would you know if you don't give it a trial and to further convince you , we have lots of students that bought it and passed excellently for the past 5years we've started this. We sold almost 400+ copy last year due to demand and because it's affordable

Or maybe you don't believe it will work particularly for you?

As long as you're an aspirant of UNILORIN, it will definitely work. It has worked for people JUST LIKE YOU

TAKE THAT STEP TODAY

Call/whatsapp 08065641459 to secure a high chance of gaining admission
